

Dear Parents/Guardians,

Jan. 20, 2012

A John Ross Elementary school student who lives in the Pebble Creek addition recently reported that while walking home after being dropped off at her neighborhood bus stop, she noticed a gray van driving slowly behind her.

A Cheyenne Middle School student subsequently reported seeing a slow-moving gray or white van in the Coffee Creek subdivision in the early afternoon hours following being dropped off at her bus stop.

Please be advised that at no time did anyone in the van approach or talk to these children; however both children reported feeling “uncomfortable” about what they observed.

We have reported these incidents to the Edmond Police Department who have increased their patrols in the aforementioned neighborhoods. In addition, all Edmond Public School bus drivers have been made aware to be on the lookout for the described vehicle and to report it immediately.

Please review safety procedures with your child/children-especially those who walk home or ride the bus-and promptly report any suspicious activity to the Edmond Police Department.

Sincerely,

Ruthie Riggs
