

SECTION 6: INCIDENT DESCRIBE THE CIRCUMSTANCES OF THIS INCIDENT, INCLUDING ANY WITNESS INFORMATION AVAILABLE (ATTACH ADDITIONAL PAGES IF NEEDED)

We visited Raul Grijalva's (Congressman) office with the intent of personally speaking to him. As we approached the entrance we spoke with a camera man from Fox News Ch. 10 (Phoenix) who was ~~at~~ A man came out of the office and approached us and told us that our concerns were being address and that we would hear from the congressional office. The man did not ask what business we had there, did not ask who we were but he wanted us out of there. We told him we just wanted to talk to the Congressman and he continued ~~to~~ repeating that our issue was being resolved without knowing what our issue was. He proceeded to open the back of his SUV and we ~~was~~ saw some of Ruth McClung's yard signs inside the back of his vehicle. I asked why he had those signs in his possession he got defensive and eventually he said he was going to "put them up." Because of his original contact with us we ~~was~~ knew that he ~~was~~ is a Grijalva campaign worker, so it made no sense and it looked suspicious and acted suspiciously he quickly shut the car got in it and almost run us over. We wrote down the license# and description of vehicle.
