TO MEDIA:

Attached are copies of the CAD Operations Report as requested for Jan. 17, 2008 which started with the call from North Port Police Department at 4:32 p.m. concerning the missing female in their City in Sarasota County.

Please note, we received a call at 6:30 p.m. from a woman who said she saw a Camaro driven by a W/M and a child about 5-10 years old screaming in the vehicle and banging on the window. The call shown was posted on CAD at 6:42 p.m. by the dispatch operator (Stepp) who typed that the woman saw a "Bluc or Green" Camaro. What she typed was in error as the caller actually said it was a "Blue or Black" Camaro.

As per Florida Statute Section 365.171 (15), we are required to redact caller names and phone numbers which you'll notice on the attached copy.

*The statute provides....."that any record, recording, or information, or portions thereof, obtained by a public agency for the purpose of providing services in an emergency which reveals the name, address, or telephone number or personal information about, or information which may identify any person requesting emergency service or reporting an emergency by dialing "911" is exempt from s. 119.07 (1), F.S."*
